

President's Message

One of the purposes of LAB (Library Association of Brevard) is to encourage its members to know fellow professionals in all aspects of librarianship. At our spring meeting, held at the Holmes Medical Center, we did just that. Our president-elect, Nathan Hosburgh, arranged for the center's medical librarian to give a presentation to the LAB group on medical librarianship. It made for an informative and stimulating meeting.

I would also like to thank the members of the LAB Executive Board for all the time and energy they put into keeping LAB an interesting and effective organization. Without their participation and interest there would not be an association. Thank you all for your continued support of our fine association.

Jack Newcombe,
LAB President

Notable News

At the general meeting in April, the members elected the 2009/2010 officers as follows:

- VP/President Elect:
Richard Shea, Keiser University
- Secretary:
Ashley Romans, Florida Tech
- Treasurer:
Deborah Anderson, BCC Palm Bay

Nathan Hosburgh will serve as LAB President and Jack Newcombe will serve as Past President.

Looking Ahead...

Plans are beginning for the professional development session to be held in late September or early October of 2009. Updates will appear via the LAB-List and in the fall newsletter. Please consider sharing any ideas you might have for this event.
